About

CHAMPIONS of Change

2026 Cohort • Starts September 22, 2026

Online • 12 Weeks • Tuesdays at 7 PM EST

Champions of Change is a 12-week Indigenous-led online leadership journey designed to support emerging and established Indigenous leaders in strengthening their communities, organizations, and Nations.

Rooted in Indigenous values, sovereignty, leadership, and innovation, the program creates space for participants to learn, connect, and grow alongside changemakers from across Turtle Island and beyond.

Participants Benefit From:

Weekly live online learning sessions

Mentorship and networking opportunities

Access to a growing resource library

A community of leaders and changemakers

Meet your Facilitators

Champions of Change was created by the Global Indigenous Development Trust (GIDT), an Indigenous-led organization dedicated to strengthening communities, advancing sovereignty, and supporting transformational leadership. Throughout the program, participants will also learn from Indigenous leaders, business entrepreneurs, and change makers from around the world. Explore our website as we continue to welcome powerful new mentors, guest speakers, and instructors to our growing community.

Three Pillars. *One Journey.*

Our curriculum weaves together three essential pillars that empower Indigenous leaders to lead with clarity, implement with confidence, and build sustainable futures for their communities and the next seven generations.

Sovereign Self

Mindset. Identity. Inner Leadership.

We begin from within. Supporting leaders in strengthening self-trust, deepening identity, and developing the mindset to hold vision with courage and clarity.

- Identity & Self-Discovery
- Healing & Well-Being
- Sovereign Mindset & Natural Law
- Vision & Purpose
- Personal Leadership Growth

Foundations & Implementation

Governance. Strategy. Action.

We provide the foundational knowledge and practical tools to design, govern, and implement initiatives that create real and lasting impact.

- Governance & Decision-Making
- Partnerships & Implementation
- Leadership without Permission
- Strategy, Legal & Negotiation
- For Purpose Entrepreneurship
- Implementation - From Vision to Results

Innovation & Future Systems

Tools. Technology. New Realities.

We explore emerging technologies and innovative approaches that advance sovereignty, strengthen communities, and build regenerative economies.

- Data Sovereignty & Digital Tools
- Land Stewardship & Mapping
- Tokenization & True Value Economies
- Food & Energy Sovereignty
- Biomimicry & Regenerative Solutions
